# SCREENSHOTS

Dashboard:

- *NavBar*:

Contains links to different parts of the application.

- *Infobar*:

Contains links to the Compare section and provides quick insight into the Recent Payments and a quick overview of Analysis for this month.

- *Main Section*:

Provides information about the upcoming dues, Brief Monthly Comparison and Frequently bought items.

Payments(Dues):

- Provides information about the partial payments, in other words the dues that you have to clear off.

Payments(History):

- Provides information about the transaction history that you've made so far.

Analysis (Compare):

- Provides a quick comparison of the expenses of the selected two months.
- Details about the Budgets, Total Expense and most profitable month etc are mentioned here.

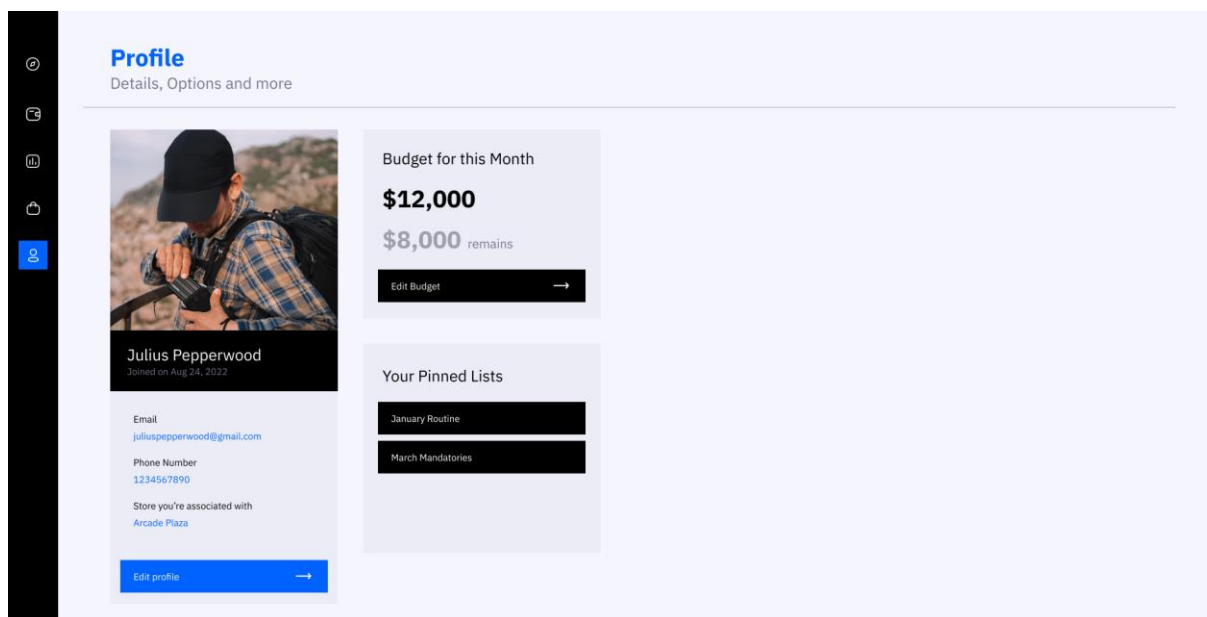

Products:

- *Save List*:

Save your current cart items as a Shopping list to help save time having to add the same items over and over again every month.

- Partial Checkout:

Make purchase in two halves, first half to be paid initially and the second half can be paid next month.

- Checkout:

Normal checkout option that lets you purchase without debts.
